INTRODUCTION

- ❖ Evolution Projects was founded in Doha Qatar, in 2013 as a construction and maintenance works company, it has historically been involved in the construction, landscaping, and maintenance services for commercial,
- ❖ Hotels, Restaurants, Schools, and private residential facilities.
- ❖ Evolution Projects has an extensive understanding of the diverse issues in construction, landscaping, and maintenance, incorporating health, security, safety, and environmental considerations under Qatar's standards and construction requirements
- ❖ Evolution Projects has the skills and experience through its management and labor, which they have utilized in the Qatar local construction market for over ten years.

Organization

GREASE TRAPS

Qatar Doha Municipality requires for all the hotels, restaurants kitchens facilities to install grease trap systems. We follow these requirements by installing the grease trap systems. Our experienced team will arrange a site visit and based on their findings, offer the most suitable solution in coordination with the facility management to reach the correct technical target. We offer grease trap maintenance contracts for monthly schedules as well as emergency call outs. Our company manufactures and install grease traps. We are the only company that has been trained to maintain the Kessel brand grease trap. Our expertise covers all brands of grease traps.

KITCHEN HOOD AND DUCTS

We clean kitchen hoods & exhaust systems. We understand the importance of this scope for the health and safety of a facility; therefore, we will schedule work to ensure that all safety requirements are adhered to. We encourage regular maintenance to ensure proper functionality and safety. We ensure that maintenance are properly scheduled by placing stickers after every cleaning with the next schedule date on it. We issue reports with photo verification of the BEFORE & AFTER cleaning services .

WATER TANK CLEANING

We offer water tank cleaning services for both commercial and domestic tanks.

Our services cover GRP and concrete water tanks eg. Rainwater tanks, .

Our teams are very experienced and qualified to provide the best professional service.

We do maintenance and repairs if possible.

We offer contracts and emergency call out services.

SEWAGE TANK CLEANING

We offer SEWAGE tank cleaning services and the removal of sewage.

Our teams are very experienced and qualified to provide the best professional service.

We do maintenance and repairs if possible.

We offer contracts and emergency call out services.

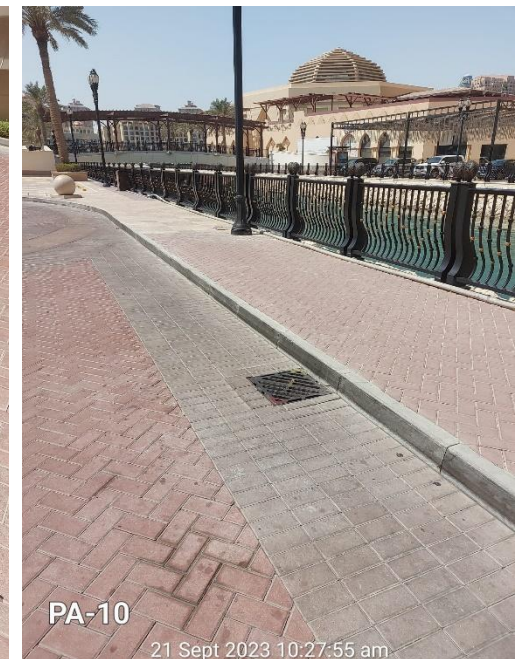

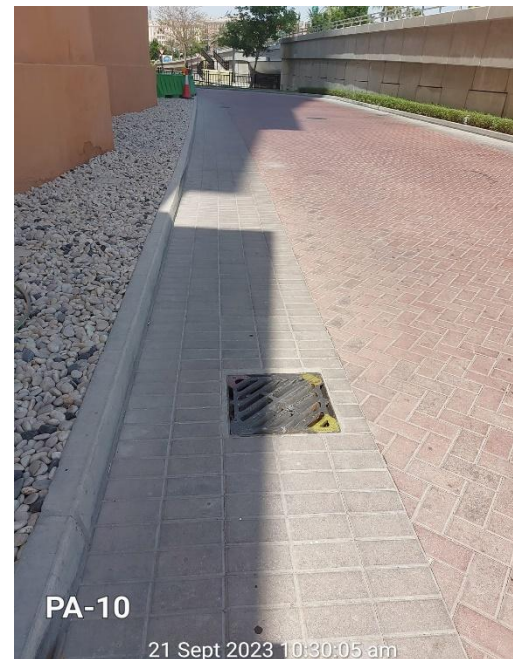

ROADSIDE GULLEY CLEANING

We offer roadside gulley pit cleaning services as we understand that during rainy seasons this is of vital importance to prevent flooding.

Our teams are very experienced and qualified to provide the best professional service.

We do maintenance and repairs if possible.

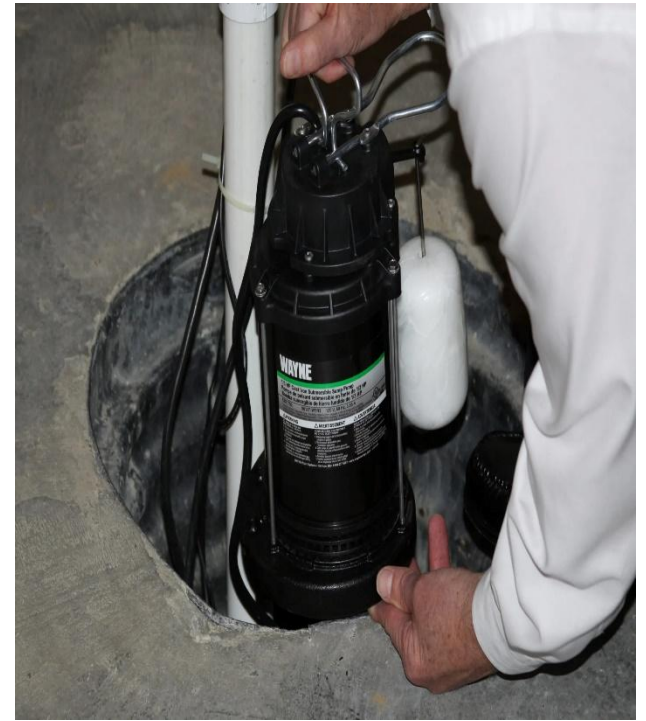

We offer contracts and emergency call out services.

SUMP PUMPS MAINTENANCE AND REPAIR

Maintaining and repairing of sump pump units which exist in the drainage main tanks. This unit must be maintained yearly.

Sump pump being a mechanical device will fail eventually, which could lead to a flooded basement and costly repairs. We offer maintenance and repair services for sump pumps to avoid issues with the primary system.
